Ordinance

Proposed No. 2005-0023.1

Sponsors Edmonds and Hague

1 AN ORDINANCE authorizing the county executive to
2 execute a deed of conveyance in favor of the city of
3 Bellevue for drainage-related properties within city limits.

4
5
6 PREAMBLE:

7 The city of Bellevue has an established program of services to address the
8 management of storm and surface water runoff.

9 As part of its surface water management program the city assumed
10 operational and maintenance responsibilities for specific drainage facilities
11 and King County-owned properties now within city boundaries that were
12 formerly within King County and were operated, maintained or otherwise
13 managed by the county.

14 The city and the county believe that it is in the best interest of the public
15 that King County formally transfer either ownership of or responsibility
16 for, or both, drainage facilities, properties and easements located within
17 Bellevue boundaries to the city.

18 The transfer of drainage-related properties is consistent with county policy
19 that local drainage properties and facilities should be owned and
20 maintained by local jurisdictions.

21 A separate ordinance, when passed by the King County council, will
22 authorize the county executive to enter into an interlocal agreement with
23 the city of Bellevue to transfer drainage facility maintenance and operation
24 responsibility to the city.

25 BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

26 SECTION 1. The King County executive is hereby authorized to execute a deed

Ordinance

27 of conveyance in favor of the city of Bellevue for drainage-related properties within city
28 limits as shown on Attachment A to this ordinance.

29

KING COUNTY COUNCIL
KING COUNTY, WASHINGTON
